# 【 Transportation (CBT)】

ASEAN Cross-Border Truck (CBT)

# 【Warehouse Service】

We provide warehouse operations which meet customer's needs by in house system and knowledge for electric components. -

- Handling several type of warehouse : Bonded, General , Air-con room is also available.
- Most suitable operation by our original system 'ACCS'.
- Providing analysis data such as the stock and delivery situation or the logistics cost
- Location is near by port and airport.

# 【Warehouse System ACCS】

- ❑ High quality warehouse operation by using same WMS system in Japan
- ❑ Reliable distribution processing service by system manual operation
- ❑ Information of system and on-site operation is linked
- ❑ Possible to customize by customer request and EDI

For example, we attach or enclose EIAJ C3 labels, D labels, Kanban labeling, and delivery notes in accordance with the specifications of the delivery destination

Devison by piece
